PRICE 2 CTS.

MEDICINAL.

DANGERS REAL AND FANCIED.

The average woman will scream with terror at the sight of an innocent little mouse, and then complacently sit down and suffer in silence with diseases that are destroying her youth, her beauty, her very life. She will uncomplainingly resign herself to the woes and miseries of female troubles, which are to be dreaded a thousand times more than a tiny mouse. It is gratifying to know that untold numbers of women are being restored to perfect vigor and strength by Dr. Pierce's Female Prescriptions. The cure exact name of the disease doesn't amount to a row of pins. If it is in the womanly organs, Dr. Pierce's Female Prescriptions will hunt it out and cure it. It can be a drain, a pain, an irregularity, and the medicine will act directly upon it, and restore the organs to perfectly healthy action. It prepares the girl to become a woman; the wife to become a mother; the middle-aged to pass the "turn of life" in safety. It is not a "cure-all" but a medicine for women only, and is the prescription of Dr. R. V. Pierce, Buffalo, N. Y., the world-famed specialist in the treatment of all diseases of women. Any reader of this paper may consult Dr. Pierce free by mail. Write him if your local physicians do not seem to understand your case.

Mrs. W. J. Kitter, of Hill Dale Farm, (Bacon's Landing, Newburg, Va., writes: "During the last year I found myself pregnant and in rapidly failing health. I suffered dreadfully from bleeding and urinary difficulty. I was kept in bed for nearly a month, and suffered much sharp pain at times. I felt that something must be done. I sought your advice and received a prompt reply. I followed your directions and took twelve bottles of Dr. Pierce's Female Prescriptions, and also followed your advice to eat a diet of fruit and vegetables. My health became excellent, and I could do all my own work live on a good sized farm, and could take care of my children. I feel that I have been saved by Dr. Pierce's Female Prescriptions, and I can say that I have a healthy baby."

For Over Fifty Years
An Old and Well-Tried Remedy.—Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, keeps the bowels regular, and is the best remedy for Diarrhoea. Is pleasant to the taste. Sold by Druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

The "Flow By Prescher," Rev. J. Kirkman, Belle River, Ill., says: "After suffering from bronchitis or lung trouble for ten years, I was cured by One Minute Cough Cure. It is all that is claimed for it and more." It cures coughs, colds, grippe and all throat and lung troubles. **Edgar Warfield, Jr.,** corner King and Pitt streets.

PREPARING A CALF HEAD.

There is no end to the delicious dishes that may be prepared from a calf's head, and yet a great many people have an idea that the mere mention of a calf's head will cause the money to drop from their pockets. It is, in fact, one of the most economical meats that one can purchase, and a greater variety of dishes may be prepared from it than any other kind of meat. When purchasing it have the butcher split it and remove the brains and tongue, and wrap them in separate packages for you, so that the brains will not be crushed. Upon reaching home put the head at once to soak in salt and water, and carefully wash the nasal passage and where the brains have been. Put the head into a soup pot and cover with four quarts of cold water. Let it come to the boiling point, and then push back where it will simmer steadily for two hours. Now remove the head and remove all the meat from it carefully and put it to one side. Put the bones back into the pot and boil an hour longer, and then strain. Add a grated carrot, half a turnip, a teaspoonful of finely-chopped parsley, one of sweet basil, one of lemon thyme, two bay leaves, two of summer savory and two of sweet marjoram, a teaspoonful of salt and half a pepper. Boil again for half an hour, then strain and thicken slightly with a teaspoonful of flour rubbed smooth with an ounce of butter. Two tablespoonfuls of sherry wine to be added when ready to serve.

Put the brains in salt water and let them remain for 20 minutes. Remove and dry, then dip into egg, then in very fine bread crumbs, which have been nicely seasoned with salt and pepper. Fry and serve hot. Garnish with parsley.

Take one pint of the meat from the head when cold, two whole slices of bread soaked in water and squeezed, two of medium-sized potatoes mashed when hot and one egg lightly beaten, and add to them a piece of butter the size of a walnut, two teaspoonfuls of salt, some parsley, thyme and pepper. Put into a baking dish and bake for an hour, or make into croquettes, dip in egg and fine bread crumbs and fry in boiling lard.

Place the tongue in cold salt water for 20 minutes, then boil until tender. Remove from the fire and take the skin from the tongue. When cold slice neatly and serve for luncheon. This is also very good if, before slicing, it is covered with vinegar for a day or two, then sliced and served as a side dish.

SUGAR REFUSE RECLAIMED.

For years the sugar industry has been obliged to lose the full benefit of a great part of the saccharine matter of the cane, which remained in the molasses. The molasses it has been impossible to crystallize, and as it ferments in a short time it has been found impracticable to ship it, besides the fermentation destroys the flavor. What was a finely flavored syrup became a sour mess, and nothing but distilling it into rum and alcohol enables it to be utilized. In fact, thousands upon thousands of gallons have been pumped into the nearest creek or bayou.

A new discovery condenses the saccharine matter into what is called concrete, a sugar much resembling maple sugar both in appearance and flavor. This has none of the taste often so objectionable in ordinary molasses, so that it can readily be used for cooking and some forms of confections, but its most delicious form is by the addition of a little hot water, when a fine syrup is produced which is the best possible addition, after good butter, to buckwheat cakes, wheat cakes, waffles, &c.

The process by which this problem so long unsolvable has at last been mastered is by means of electricity. Through the hot molasses, hot air is blown and a current of electricity at the same time assists in some mysterious way to aid and hasten granulation. The cost of the process is said to be very slight, and a small machine will turn out a large amount of concrete in a short time.

It is packed in neat bricks, each enclosed in a paper or pasteboard wrapper, and it is not at all sticky or suggestive of the molasses from which it is made. No doubt it will become a popular method of obtaining syrup.

SIGHT FOR THE BLIND.—Dr. Peter Stiens, the Russian electrician, claims that he has applied an electrical apparatus of his invention to several blind persons and has made them able to see light and the shape of the objects around them. In the course of a recent newspaper interview he said to the interviewer:

"I have been working on this invention for years and have every confidence now that I shall soon bring it to such a state of utility that blind persons by its aid will be able to see with their brains, just as ordinary people see through their normal eyes. In a word, my invention acts in place of the eye." Dr. Stiens then suggested that the interviewer should judge for himself, and further says:

"Dr. Stiens took me into a small room and blindfolded me. He did this

MEDICINAL.

Keep Coughing

We know of nothing better to tear the lining of your throat and lungs. It is better than wet feet to cause bronchitis and pneumonia. Only keep it up long enough and you will succeed in reducing your weight, losing your appetite, bringing on a slow fever and making everything exactly right for the germs of consumption.

Stop coughing and you will get well.

Ayer's Cherry Pectoral

cures coughs of every kind. An ordinary cough disappears in a single night. The racking coughs of bronchitis are soon completely mastered. And, if not too far along, the coughs of consumption are completely cured.

Ask your druggist for one of

Dr. Ayer's Cherry Pectoral Plaster.

It will aid the action of the Cherry Pectoral.

If you have any complaint whatever and desire the best medical advice you can possibly obtain, write us freely. You will receive a prompt reply that may be of great value to you.

DR. J. C. AYER, Lowell, Mass.

so effectively that not a ray of light reached my vision. All was absolute darkness. Then suddenly out of the darkness there appeared a white light before me—a light that looked very much like the ordinary light of day. Then Dr. Stiens held up an object before me.

"What is this?" he asked.

"A pair of pinners," I replied.

"Right," answered the electrician. The doctor is not ready to give his invention to the public, and further developments are awaited with interest.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak that I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. Regular sizes 50 cents and \$1.00. Trial bottles free at E. S. Leadbeater & Sons, Drug Store; every bottle guaranteed.

Three Doctors in Consultation.

(From Benjamin Franklin.)

"When you are sick, what you like best is to be chosen for a medicine in the first place; what experience tells you is best, to be chosen in the second place; what reason (i. e., theory) says is best to be chosen in the last place. But if you can get Dr. King's New Discovery and Dr. Reason to hold a consultation together, they will give you the best advice that can be taken."

When you have a bad cold Dr. Incination would recommend Chamberlain's Cough Remedy because it is pleasant and safe to take. Dr. Experience would recommend it because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientific principles and acts on nature's plan in relieving the lungs, opening the secretions and restoring the system to a natural and healthy condition. For sale by all Druggists.

Millions of dollars is the value placed by Mrs. Mary Bird, Harrisburg, Pa., on the life of her child, which she saved from croup by the use of One Minute Cough Cure. It cures all coughs, colds, throat and lung troubles. Edgar Warfield, Jr., corner King and Pitt streets.

ARNOLD'S BROMO-CELESTY. Try this celebrated remedy for Hoarseness, Neuritis, &c. 10 cents.

NERVITA PILLS

ALEXANDRIA'S 150th ANNIVERSARY

Sesqui-Centennial Celebration.

The city of Alexandria, on October 12, will celebrate the 150th anniversary of the laying out and plating of the town by George Washington.

The City Council, citizens and railroads of the city have united in making liberal subscriptions to properly do honor to Washington and make the celebration worthy of the city and State.

There will be grand night and day parades, in which United States troops, infantry, cavalry and artillery, marines and sailors, will take part (also United States war ships in the harbor) and all of the principal business organizations, fire companies, etc., in the city and many from a distance.

The industrial trades display promises to be a grand exhibition of Alexandria's industries. There will be a grand concert by a band of one hundred pieces, the whole to close with a magnificent pyrotechnic illumination of the city and a splendid parade of historical floats and masqueraders.

The occasion will be one to be remembered, and will do honor to the State and Washington, and all who desire to enjoy themselves and work in hot cakes and fine pastry as "Our Pride" will burn just as you want it. You can't beat our prices any more than you can our coal.

ROBERT T. GRIMES,
Importing Tailor and Men's Furnisher,
No. 322 King St., { No. 1335 E St. N. W.,
Alexandria, Va. { Washington, D. C.

I believe it is possible to build up a much larger tailoring business in Alexandria than has ever existed here. I believe also that while PRICES are a factor, the first and most important thing is THOROUGHLY GOOD WORK. In other words while men want low prices they also demand good cloth and well cut, and well made garments. I have bought both here and in Europe a bigger stock of high grade cloths than usual, and at advantageous prices. I have the best workmen that money can hire, and I'm attending right to business myself as I have been these twelve years. I have carefully counted the cost of everything; I have figured out how much such work should bring, but how little I can do it for, and I'm going to make the price \$30 PER SUIT, and Robert T. Grimes's well cut, well made TROUSERS at \$5.

AUCTION SALES.

By E. F. Knox, Auctioneer

TRUSTEE'S SALE OF A VALUABLE FARM IN FAIRFAX COUNTY, VIRGINIA.

By virtue of a deed of trust made by John A. Butler, dated on the 15th day of January, 1897, and recorded in the land records of Fairfax county, Virginia, in deed book X, No. 5, folio 689, default having been made in the payment of the note secured by the said deed of trust, the subscriber, as trustee in the said deed of trust, will expose for sale at public auction on

SATURDAY,

the 30th day of September, 1899,

at the front door of the Market Building, on Royal street, in the city of Alexandria, Va., at 12 o'clock m., the property conveyed by the said deed of trust, to wit,

A TRACT OF LAND in the said county of Fairfax adjoining the land formerly owned by Thompson Jaxton and Francis Triplett, on the road leading to the city of Alexandria, Virginia, and containing 91 acres and 100 poles, more or less.

ALSO A TRACT OF LAND near to the above described tract, containing 40 acres, together with an outlet from the last named tract of land, one pole wide, to the first named tract of land, with the buildings and improvements on the said lands and all rights and appurtenances to the same belonging, being the premises now occupied by the said John A. Butler.

For a more full description of the said lands, reference is hereby made to the said deed of trust. Terms of sale—Cash.

HENRY F. GRILLBORTZEE,

sep25 conts Trustee.

By consent of the parties interested the sale of the above described property is postponed until SATURDAY, the 7th day of October, 1899, at the same hour and place.
